Hosting & Tools: Website hosting & domain management, Visual Studio Code, Git, GitHub

Marketplace Management: Flipkart Seller Hub, Amazon Seller Central – product listing, catalog management, order processing, sponsored ads, returns handling

PROFESSIONAL EXPERIENCE

Junior Web Developer — Pepa Digital Solutions Private Limited, Bangalore *April 2026 – August 2026*

- Built and customized Shopify stores using Liquid, HTML, CSS, and JavaScript — including custom sections, product pages, and collection layouts — for client DTC storefronts.
- Built, customized, and maintained WordPress websites — themes, plugins, and Elementor page layouts — based on client requirements.
- Optimized website performance and page load times, achieving a 30% reduction in load time through front-end and asset optimization.
- Ensured responsive, mobile-friendly, and cross-browser compatible layouts across Shopify and WordPress projects.
- Designed reusable UI sections and improved overall website usability, working closely with design requirements to keep pages visually engaging and easy to navigate.
- Troubleshoot and resolved website UI/UX issues to maintain consistent performance across browsers and devices.

Junior Web Developer — Skarosoft Web Development Studio, Erode *July 2025 – March 2026*

- Built and modified Shopify stores using Liquid, HTML, CSS, and JavaScript, including custom sections and product/collection page layouts.
- Developed and maintained WordPress websites, customizing themes and plugins to match client requirements and optimize site structure.
- Collaborated with clients to translate business requirements into functional website features.
- Ensured responsive, mobile-friendly, and cross-browser compatible layouts across Shopify and WordPress projects.
- Assisted with on-page SEO improvements and troubleshooting to maintain smooth website performance.

PROJECTS

Electronics E-Commerce Store (Shopify, Liquid, HTML5, CSS3, JavaScript)

- Developed a fully functional e-commerce website on Shopify with customized themes and responsive product pages; implemented dynamic sections and optimized UI for a better user experience.
